Dear Colleague -

Oregon Senators Ron Wyden and Jeff Merkley and Representative Earl Blumenauer would like to let you know about a reception celebrating young immigrant leaders and the youth who helped produce the documentary film "Papers." You will also receive an invitation to this reception from outside groups.

"Papers" is a film about undocumented youth and the challenges they face as they turn 18 without legal status. Come see clips from the movie that was produced in Oregon, filmed nationwide, and is screening to audiences in all 50 states this year.

The Development, Relief, and Education for Alien Minors (DREAM) Act is bi-partisan legislation that would create a path for undocumented youth to earn legal residency by attending college or serving in the military.
